 - Students that have successfully completed only twenty-five credits may participate in the graduation ceremony provided that both of the following conditions are met:
 - The student has registered for the required correspondence course to make up for the deficiency.

Class Determination

Each student's grade-level shall be reexamined every semester so that his/her grade level status reflects credits earned, not the number of years in school. The minimum standards by which a student would advance beyond Freshman status are:

- Sophomore Status 6 credits earned
- Junior Status 12 credits earned
- Senior Status 18 credits earned

- Graduate Status 26 credits earned

(From Rib Lake School Board Policy 345.11 High School Grading Class Rank and Rib Lake School Board Policy 345.5 Promotion and Retention)

Transcripts

In order to receive an official transcript, a student must contact the school and request one. The student may not have a hold on the transcript in order for it to be sent to the requested location. Holds may be placed due to unpaid fines/fees.

Course Registration

Registration for the following school year takes place in the winter of the preceding school year. Subjects offered by the Rib Lake High School are described in a booklet called the Rib Lake High School Scheduling Guide. This booklet is available from the Guidance Office or the main office. High school students select the courses they wish to take and are encouraged to discuss their selections with their parents. Not all class offerings will have the required number of students sign up to run. These students will be scheduled into a preferred alternate class when possible. Student schedule changes can be made during schedule change dates in both the Summer and Fall. Schedule changes need to be for educational purposes and are subject to class size limitations. No changes will be made after the 1st day of the semester.

Personalized Learning Time “PLT”

All students will be placed in a personalized learning time classroom based on need as determined by test scores and teacher recommendations. During this time, students receive support and enrichment in an area of need/desire: Study Skill, Math and ELA, or others. Enrichment study time may be used for group meetings and/or guidance instruction. Enrichment study time will appear on transcripts as a letter grade, but the grade will not be counted toward student GPA.

Grading

Online Grading System

Academic progress is communicated through an online grading system, JMC. To ensure privacy, students and families have been assigned a username and password to access grades. This password can be changed, if needed, by contacting the school office. The web address to use for this is <https://riblake.onlinejmc.com>. Grades are to be updated at minimum weekly by teachers to ensure accurate communication. For more information in regards to student academics, students and families should communicate directly with the teacher.

(From Rib Lake School Board Policy 345.1 Grading Systems)

Grading Scale

Teachers will use a standard 4.0 letter grading scale to assign course grades.

| Letter Grade | Percent Grade | 4.0 Scale |
|--------------|---------------|-----------|
| A | 93-100 | 4.0 |
| A- | 90-92.99 | 3.7 |
| B+ | 87-89.99 | 3.3 |

| | | |
|-----|----------|-----|
| B | 83-86.99 | 3.0 |
| B- | 80-82.99 | 2.7 |
| C+ | 77-79.99 | 2.3 |
| C | 73-76.99 | 2.0 |
| C- | 70-72.99 | 1.7 |
| D+ | 67-69.99 | 1.3 |
| D | 63-66.99 | 1.0 |
| D- | 60-62.99 | .7 |
| E/F | Below 60 | 0.0 |

In extenuating circumstances, an Incomplete or “I” can be assigned in place of a failing grade for up to 1 week later than the last day of the semester. At this time, Incomplete grades will be reassigned to a failing grade.

Other assignment codes that may be viewable in JMC include: M Missing Exempt Score (assignment not turned in but does not count toward grade), Missing Included Score (assignment is not handed in and does count toward grade), HI Handed In Exempt Score (assignment is handed in but does not count toward grade)

Late Work

Late work policies are under the discretion of individual teachers. In general the policy should balance the importance of showing mastery of the content and punctuality. Teachers must, at minimum, allow students the number of days they were gone for an excused absence plus one day to make up work from an absence. Unexcused absences need not have extended due dates.

Academic Reward

Rib Lake High School Participates in two programs to recognize and acknowledge students for academic standing. The Academic Incentive Program (or academic points) is calculated for a student’s entire tenure at Rib Lake High School and is awarded at Senior Awards Night. Honor Roll is calculated each quarter and awarded to students at school assemblies, newsletters, and/or local newspapers.

Academic Incentive Program

The Board of Education and the staff of Rib Lake High School recognize the hard work and dedication involved in earning academic excellence. Students achieving academic excellence will receive academic awards according to academic points earned each semester based on grade point average (GPA). For students earning a total of 6 academic points, a certificate is awarded, for

students earning a total of 12 academic points, an academic letter is awarded, for students earning a total of 18 academic points, a medal is awarded, for students earning a total of 24 academic points, a plaque is awarded.

| GPA | Academic Points |
|-----------|-----------------|
| 3.75-4.00 | 3 |
| 3.5-3.74 | 2 |
| 3.0-3.49 | 1 |

Honor Roll

To qualify for an honor roll, a student must have attained a grade point average of 3.00. Quarter 2, Semester 1, Quarter 3 or Semester 2 grades of all B’s or above (grade point of 3.0-3.50) will qualify a student for the Honor Roll. Grades of A- or above (grade point of 3.70-3.99) will qualify a student for High Honor Roll. Grades of all A’s (grade point of 4.00) will qualify a student for Highest Honor Roll. All subjects given a letter grade will be considered in computing grade points. The Honor Roll is published in the school office and local newspaper at the end of each quarter grading period.

Advanced Placement Courses

Students who take Advanced Placement coursework through Rib Lake High School will be eligible for reimbursement for AP registration by scoring a 3, 4, or 5 on the exam. Students will be responsible for paying the initial registration fee for taking Advanced Placement Exams. Registration is typically held in March for May examinations.

Alternative Learning Course

Rib Lake High School offers a variety of learning options to enhance student learning and to assist students in meeting their post-secondary goals. All the options below have application timelines and require students and parents to sign participation agreements. For more information, please contact the high school principal or counselor. Students may take no more than 3 alternative learning courses per semester (with the exception of NTC Academies). Students are liable for payment of courses if not completed successfully.

English Language Learners

Upon enrollment, students, to whom English is their second language, will undergo an assessment of their English proficiency. Based on English proficiency levels, appropriate language assistance services will be provided and will be aimed at both developing proficiency in English and helping students master the same academic content as other students. Depending on a student's ability, a student will take courses as Pass/Fail or follow the same grading policy as the class and receive a letter grade. (From Rib Lake School Board Policy 342.7 Services for English Learners)

Code of Conduct

Discipline

The Board of Education believes that the primary obligation for developing self-discipline, responsibility and respect rests with the home and parents. The school is also concerned with these attributes and must provide a suitable climate for learning. Therefore, it strives to work cooperatively with parents for the student's development.

When students do not follow the rules of proper conduct as established by the School District of Rib Lake, the school has a responsibility to take action in the interest of the entire student body. To ensure an atmosphere which is conducive to learning, it is necessary to carefully balance a student's individual rights with his/her responsibilities for good citizenship. The intended effect is to create an educational environment conducive to learning; for responsible and considerate behavior; and one in which the safety of all is assured.

Whole school rules, policies, and procedures involving student conduct are outlined below. Within school rules and policies include classroom rules. Staff members are responsible for establishing and maintaining classroom discipline. Individual classroom rules and procedures will be provided to students in the first week of classes. All staff members will work together to ensure proper behavior throughout the school.

(From Rib Lake School Board Policy 447 Student Discipline)

Disciplinary Procedures

When a minor behavior (such as talking/making noises at inappropriate times, eating at inappropriate times, not being in the correct location, not doing work, minor physical/verbal altercation with another student, and/or not being prepared) occurs in the classroom, the teacher is not obligated, but encouraged to:

- Redirect and/or acknowledge the behavior non verbally (prolonged look, throat clearing, zone of proximity), verbally (acknowledge behavior in a light/serious tone, acknowledge in a group/individual setting, countdown, or call student guardian), or in writing (hard copy to student/parent, email to student/parent)
- Reteach behavior and review expectations
- Practice positive behaviors
- Issue logical consequences (apology, fixing the problem, practice the correct behavior, mediation/conflict resolution, visiting with a counselor, move somewhere else, make-up lost time, removal of an object, removal of a privilege, assign a research assignment, being ignored, increased supervision, conference with parent/guardian, and/or Behavior Intervention Plan).

When a minor behavior occurs multiple times and is reported by a teacher, occurs outside of the classroom, or when a major behavior occurs (such as illegal substance-tobacco, alcohol, drugs, and/or weapons, tardiness/truancy, harassment/bullying,

non-compliance/insubordination, inappropriate technology use, theft/vandalism, and/or cheating/plagiarism/forgery) disciplinary procedures will be determined and followed out by administrative and guidance counseling personnel:

- Restorative discipline (apology, fixing the problem, practice the correct behavior, mediation/conflict resolution, visiting with a counselor, move somewhere else, make-up lost time, removal of an object, removal of a privilege, assign a research assignment, being ignored, increased supervision, conference with parent/guardian, and/or Behavior Intervention Plan).
- Consequence
 - Detention (to be made up at least 3 days from the date of the behavior)
 - 30 minute lunch detention
 - 30-60 minute after school detention
 - 30-60 minute before school detention
 - If assigned at the end of the school year, students must make up during summer hours or at the beginning of the next year
 - If a student refuses the detention, more serious consequences will ensue
 - Suspension
 - ½-3 day suspension in or out of school
 - Out-of-school suspension is a serious consequence which should be reserved for situations where the student's behavior is disruptive to the school environment, poses a safety or health danger to the student or others, is damaging to school property or the property of others, or shows complete or repeated defiance or refusal to comply with school rules or policies. The building principal may administer an out-of-school suspension under these circumstances when it is reasonably justified and is carried out in accordance with state law requirements. A student shall also be suspended from school when required by bus law (e.g., possessing a firearm in violation of state law and Board policy).
 - Expulsion
 - Recommended to the Board of Education according to Wis. Statute 120.13 (1)(c).
 - Except when required by law, student expulsion from school is considered a last resort after other discipline alternatives have been considered. A student may be referred to the District Administrator for possible expulsion when conduct seriously endangers the property, health or safety of the school, or students and others at school or under the supervision of a school authority, or district employees or Board members. The District Administrator will review the circumstances and refer the matter to the Board for expulsion consideration if the circumstances involved warrant. All legal requirements regarding student expulsion hearings and expulsions shall be followed. The Board shall expel a student from school only if the interest of the school demands the student's expulsion or in cases where expulsion is required by law (e.g., possessing a firearm in violation of state law and Board policy). When determining whether to expel a student and the length of expulsion, the following factors may be considered in each individual case.

(From School Board Policy 447.3 Student Suspension and Expulsions)

Appeals Process

Students and parents/guardians have the right to appeal a disciplinary action by the Principal. All appeals must be made in writing to the Principal and District Administrator within one school day of the student and parent being notified of the disciplinary action. The District Administrator will hear the appeal within 3 days of the receipt of the appeal request. If the student and parent/guardian chooses, they may appeal the District Administrator's decision to the Rib Lake School Board. The appeal must be made in writing and be sent to the District Administrator and School Board President within one school day of the District Administrator decision. A Board committee will then meet within two school days of the written request to uphold or deny the appeal.

Locker Searches

The locker is assigned to a student but remains the property of the district. At no time does the district relinquish its exclusive control of the lockers. Locker searches may be conducted as determined necessary or appropriate without notice, without student consent, and without a search warrant. Locker searches under this policy may be conducted by the district administrator, a building principal or assistant principal, a school employee specifically designated by the District Administrator or building principal, a school liaison officer, or other law enforcement official who is acting at the request of or in conjunction with school authorities.

To the extent permitted by law, a school official conducting student-related search activities under this or any other board policy may request the active assistance of a school liaison officer or other law enforcement official. School officials may remove any unauthorized items found as a result of a search. Items belonging to the student but removed or temporarily confiscated by the district will generally be held by the school for return to the student's parent or guardian (for students who are minors) or, if appropriate, turned over to law enforcement. (From Rib Lake School Board Policy 443.1 Student Dress)

Attendance Regulations

School attendance is essential for high academic achievement at school. According to Wisconsin State Statute 118.15, all children between the ages of 6 and 18 years of age, except as provided by law and the policies herein, shall attend school during the full period and hours school is in session until the end of the school term, quarter, or semester of the school year in which the child becomes 18 years of age. When in attendance, a student must attend all classes in which he/she is enrolled unless excused by a principal.

Excused Absences

Parent Excused Absences

- A student may be excused by the parent/guardian under this provision for not more than 10 days in the school year.
- Days parents/guardians excuse students often include illness, family emergency, and family trips/vacations.
- To be considered a parent excused absence, the absent student shall either bring a written, dated statement from a parent/guardian and/or verify with the office secretary via a phone call the cause of absence. Text message verification of an absence does not suffice as a method for parent excusal.
- To be considered an excused absence for a part of the day, the absent student shall either bring a written, dated statement from a parent/guardian and/or verify with the office secretary via a phone call the cause of absence and sign out in the office prior to leaving.
- When possible, whole day excused absences should be arranged with office staff and teachers ahead of time. When not arranged ahead of time, the office secretary will verify the absence via phone call the day of the absence.

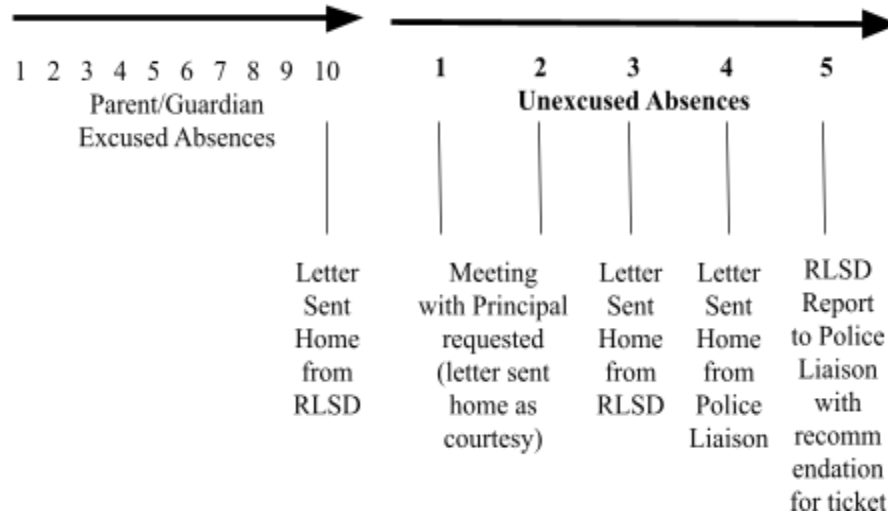

Principal Excused Absences

Principal excused days (not counted towards the 10 parent excused days) include suspensions, school sanctioned activities and/or events, death of an immediate family member, any professional appointment with verified attendance (physician, eye doctor, dentist, chiropractor, mental health counselor, etc), or an absence arranged with the principal ahead of time. These absences do not count towards parent excused or unexcused days.

Unexcused absences

- An absence is considered unexcused, or “truant” if
 - The absence of part or all of one or more school days during which the school has not been notified of the legal cause of such absence by the parent/guardian of the absent student.
 - The absence occurred after the 10 allowable parent excused days per year.

After 5 unexcused absences from school without an acceptable excuse the student is considered habitually truant. Per law, the District is obligated to report the student’s attendance to legal authorities and the parent/guardian. As a courtesy, the Principal will follow the procedure outlined below before reporting habitual truancy to Law Enforcement.

Absences Accrued Calculations

The number of total excused and unexcused days absent is calculated based on the number of class periods the student has been absent using the “excused” and “unexcused” criteria. 9 class periods are considered a full day of school. Partial period absences will be rounded to the nearest whole class period.

Make Up Assignments/Examinations

It is important to remember that students must make up work when excused which includes making up time and activities in classes graded on participation. The district shall not deny student credit in a course or subject solely because of a student's unexcused absences.

- Excused Absences
 - Students who are absent from school without the proper written permission of their parent(s)/guardian(s) are required to make-up work missed during the absence. The arrangements for making up coursework and examinations shall be the same as for other excused absences. The make-up work is required to be completed prior to leaving or immediately returning to school unless prior arrangements have been made.
 - Students who are absent from school for reasons that are determined to be excused by the principal shall be given one full day to complete make-up work or tests/exams for each 1/2 day of excused absence. Make-up work turned in after the due date will not be given full credit.
- Unexcused Absences
 - Daily work missed during unexcused absences may not be given full credit.
 - All tests/exams or unit work must be completed by the end of the first day student returns.

Tardies and Hall Passes

- Individual teachers and staff members have the right and responsibility to define, excuse, and/or report student tardiness and hall pass policies and procedures for each class and/or student. When a student is tardy from school for their first hour class, the absence will count towards 1 class period absent.
- Tardy and hall pass violations are subject to disciplinary procedures as seen fit by school staff and Principal as outlined in disciplinary procedures.

Parent and Guardian Responsibilities

- For all student partial-day or full-day absences from school (except for absences resulting from a period of a school-imposed suspension), the student's parent or guardian is:
 - Expected to call the school office attendance line prior to 9:00 a.m. on the day of each absence in order to verify that the student is absent with the parent's or guardian's knowledge, except that no such call is necessary for any absence(s) that the parent or guardian arranged and that the school excused in advance.
 - Required to submit a written communication to the school office identifying the date(s) the student will be (or was) absent from school and the reason(s) for the absence. This written notification must be provided:
 - Prior to the absence for all parent-excused absences, as identified in the Board's attendance policy; or
 - Either prior to or immediately following the absence for all school-excused absences, but always within two school days following the student's return to school from the absence in order for the absence to be considered excused, except when a different time period has been approved by the building principal.
- Adult students (students 18 years of age or older) may carry out these responsibilities in lieu of their parents or guardians. Students serving as independent adults and solely responsible in regards to attendance is strongly discouraged by the School District of Rib Lake. Prior to a student of 18 year of age fulfilling these responsibilities, the student, all parents/guardians, guidance counselor, school secretary, and principal must
 - Meet to discuss responsibilities and repercussions of not fulfilling the requirements
 - Sign a contract acknowledging the student as sole custodian of attendance law compliance

Student Responsibilities

- During the entirety of the scheduled school day for students, students are required to attend all of their classes, lunch periods, and other school-approved activities on time, unless either they are absent from school for an excused (or excusable) reason or some other school-approved or school-directed exception applies.
- Other than at the regular student arrival and departure times for the day in question, students are required to check in and check out at the school building's designated attendance office whenever they arrive at, leave from, or return to school during the scheduled school day for any reason unrelated to their school-scheduled activities.
- Students are expected to make up class work and any examinations missed during an absence to the extent permitted by Board policy and as directed by their classroom teacher(s). Make-up work related to excused absences is handled differently from work related to unexcused absences.

Technology

All students will be given a school issued Chromebook after completion of the Technology Acceptable Use Agreement and School Registration paperwork. High school students are allowed to take Chromebooks home for school related research and assignments.

If damaged or not returned, students are responsible for the cost of replacement or repair of the Chromebook, Chromebook charger, and Chromebook case. In the case that a student does not return the item or payment for the item, a hold will be put on the student's account.

Students are responsible for meeting all requirements for Chromebook care, use, and network responsibility as outlined in the user agreements signed by both parents and students. The School District of Rib Lake prohibits the use of District resources, including but not limited to student Chromebook and/or school email, to access and/or transmit inappropriate material via the Internet, electronic mail, or other forms of electronic communication.

There is no district-created expectation of privacy in use of district technology resources. Accordingly, except where prohibited by state or federal law: (1) the district reserves the ability to track, monitor, and access all data, files, communications, or other material that users create, store, send, delete, receive, or display on or over the district's Internet connection, network resources, file servers, computers or other equipment. All aspects of any individual's use of the district's technology-related equipment and resources, including any online activities that make use of district-provided Internet access, may be monitored and tracked by district officials.

Consequences for violations of the policies, rules and procedures that govern the acceptable, safe, and responsible use of the district's technology-related resources are determined by district administrators.

Cell Phones and Internet Devices

Students may use internet devices including cell phones, smart-watches, electronic tablets, personal/school computers, or music playing devices in classes only when explicit permission is given by the supervising staff member for a specific activity and an acceptable use form is on file in the office. As a privilege, students may appropriately use phones and internet tools during passing time and lunch periods. It is the School District of Rib Lake's right and responsibility to revoke and/or confiscate the privilege for a student to hold and/or use a cell phone or personal technology device if used inappropriately (in regards to time, frequency, or content) as determined by district staff. Students are not to be excused from class to make phone calls unless there is an emergency. The office phone is available for occasional use by students. Permission for its use must be given by office personnel.

Cell phones and other internet devices are not permitted to be used, in any form, at any time, in a locker room or bathroom.

Pagers

Pagers may be worn by students who are members of the fire or ambulance departments or who need to use these devices for medical purposes. Any student wishing to use such a device should contact the building principal. Students leaving as a result of a page should still report to the office when they're leaving the building.

Laser Pointers

The School District of Rib Lake prohibits possession and/or usage of laser pointers at any time on school property, at any school-sponsored function either home or away, or on school owned or contracted vehicles. Teachers with administrative approval may use laser pointers and/or laser devices for instructional purposes. These devices shall not be loaned or checked out by students for their private use.

Students in possession of laser pointers shall be subject to the disciplinary rules, regulations, and procedures established by the Board of Education. Violations shall be considered under the category of "physical attack", that is, the act of physically assaulting or in some manner attempting to injure another student.

Technology Related Discipline

When technology is used inappropriately disciplinary actions will be taken as determined by the building principal. Technology use is considered inappropriate if it is used during time not explicitly determined as acceptable by a staff member during school hours, OR is lewd, offensive and/or racial and causes a substantial disruption of the school environment, is not compliant with school rules, or threatens and/or endangers others at school. Disciplinary actions may include: warning, detention, parents/guardians phone conference, confiscation of the device until the end of a class period, until the end of the day, until a parent/guardian can meet with principal, for a number of days during school hours, or to law enforcement if necessary, revocation of technology privileges and/or other disciplinary action.

Snowmobile/ATV Riding

A signed parental permission form must be on file in the office prior to students riding snowmobiles/ATV's to school. Forms may be obtained from the school office. Rules for riders are clearly stated on the permission form. It is also the student's responsibility to meet all state and local requirements for riding ATV's.

Student Harassment

The School Board seeks to provide a safe and positive learning environment for all students. Harassment and bullying disrupts both a student's ability to learn and the school's ability to educate its students in a safe environment. Therefore, the Board will not tolerate student harassment or bullying in any form.

For purposes of this policy, "harassment or bullying" is defined as any conscious, willful, or deliberate act or attempted act, through the use of words or actions, which are intended to cause physical injury, emotional distress/suffering or property damage or which impact the learning environment. Harassment or bullying could include behavior motivated by an actual or perceived distinguishing characteristic such as, but not limited to: sex, race, color, religion, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, disability, physical attributes, gender identity or expression, or social, economic or family status.

Examples of acts of harassment or bullying include physical intimidation, force or assault, humiliation, unwelcome sexual advances, subtle or express pressure for sexual activity, sexual or racist remarks, extortion, verbal or written threats, taunting, put downs, name calling, threatening looks or gestures, spreading cruel rumors, social exclusion, sending or posting inappropriate or insulting messages or images via any means including electronic communication systems like the Internet or cellular telephones, retaliating against another student for reporting harassment or bullying, or any other behavior that substantially interferes with a student's school performance or creates an intimidating, hostile or offensive school environment.

Any person who believes that a student has been the subject of harassment or bullying, including the student him/herself, shall report the incident to the building principal or a school counselor for investigation and action. If a student is not comfortable with making a complaint to the principal or counselor, the complaint may be made to any other adult employee. The employee will then report the complaint to the appropriate principal or counselor.

Weapons on School Premises

The Rib Lake School District shall strive to provide a safe and healthy environment for all persons on its premises or attending any of its activities or functions. To aid in reaching that goal, the district shall enforce a policy that no person shall unlawfully possess, nor use, a dangerous weapon on school premises, on school buses, or at any school-related event. For purposes of School Board policy, a “dangerous weapon” is defined as a firearm (whether loaded or unloaded), BB or pellet gun, explosive devices, nunchaku or other martial arts instruments, metal knuckles, razor, knife, pocket knife (of any size), chain, club, container of tear gas or similar substance used to cause bodily discomfort, or a look-alike/facsimile weapon such as a toy or other object which could be reasonably mistaken for an actual dangerous weapon and which is intended to and/or capable of intimidation, alarming, threatening someone or for use to inflict bodily harm.

In cases of continuing misconduct on the bus or misconduct that can lead to suspension of bus riding privileges, the misconduct should be reported to the building principal for action. A student's bus riding privileges may be suspended for:

- Behavior that compromises safe busing;
- Behavior that endangers health, safety or property
- Repeated violation of bus rider rules
- Violation of any other board policies or school rules governing student conduct.

The Rib Lake School District approves the use of video cameras on school buses for the primary purpose of reducing disciplinary problems and vandalism on the bus, thereby allowing the driver to focus on the driving of the bus and providing for safer transportation of the students.

Dues and Fees

Lunch and breakfast money will be collected before school in the office. Students with negative balances of more than \$35 will be denied lunch until balance is paid. Such individuals will be served an alternative cold lunch. The only exception would include cases of "extreme circumstances" which are appealed to the District Administrator. Report cards and diplomas will not be issued to students that have a negative lunch balance or fine.

School Meal Accounts

The policy on School Meal Accounts (BP #763) has been updated and parents/students should review it in full on our website at <http://riblake.k12.wi.us/district/ds-board-and-district-policies.cfm>.

Parents and guardians must plan for their child to have sufficient access to food at school on each school day and must actively monitor and manage their child's school food service account. In order to help parents and guardians meet these responsibilities, the district has established the following guidelines regarding food-service charges and student access to food at school:

- A student will always be permitted to select and receive one of the standard school meal options if either of the following apply:
 - The district has determined that the student is currently eligible to receive free meals at school; or
 - The student has sufficient prepaid funds in his/her food service account.
- When a student purchases a school meal or any other food-service items, the general rule is that payment is due no later than at the time of service. However, the district's food service account system normally allows a family to charge up to \$35.00 in his/her account as a negative balance before the district will take steps to restrict the student's food choices.

The primary purpose of allowing a limited and temporary negative balance is to prevent an unexpected interruption in meal service on a day that a student inadvertently has insufficient funds available. In addition:

- The district may deny the privilege of charging items to a student who repeatedly establishes a negative account balance that is not promptly repaid upon notice of the amount owed.
- A parent or guardian may arrange to restrict their child's ability to charge a negative balance or set a daily limit on food charges made to the student's individual or family account.
- At each meal service, a student may charge only one of the standard school meal options that is being offered (i.e., a federally-qualifying meal option that is on the menu.)
- Students who are not eligible for free school meals, who do not have money to pay for their food, who have reached their limit on unrestricted charges, and who do not bring food from home will be permitted to receive, at no cost, a low-cost meal that is specified by the District and that is being offered at the particular meal service.

For additional assistance contact the building secretary or District Food Service Account Manager (Amy Foster).

Class Dues (\$15/year)

Class dues of \$15 per year will be charged to each student account for the purpose of prom, awards night, graduation, and class gift costs. No graduating class will be allowed to carry over more than \$250.00 for the purpose of a class reunion without school board approval.

Fines

Fines will be assessed when instructional materials, library books, or other school property is lost or abused. Fines will be in direct proportion to the damages incurred (taking into consideration the normal lifespan of the property and reasonable wear and tear). Fines will be determined by classroom teacher, librarian, and/or building principal.

Scholarships

Special Needs Scholarship Program

This notice serves to inform parents and guardians of students with disabilities that the State of Wisconsin has established the "Special Needs Scholarship Program." Under this scholarship program, a child with a disability may be eligible to receive a scholarship from the Department of Public Instruction (DPI) that allows the child to attend a private school in Wisconsin that is participating in the scholarship program. The DPI makes scholarship payments directly to the child's private school. The Special Needs Scholarship Program is further defined under section 115.7915 of the state statutes. Additional information about the program is available on the website of the Wisconsin Department of Public Instruction:

<https://dpi.wi.gov/sms/special-needs-scholarship>.

(From Rib Lake School Board Rule 342.8)

Technical Excellence Scholarship

Pursuant to Wisconsin Act 60, Rib Lake School District shall annually designate a technical excellence scholar for purposes of the Wisconsin Technical Excellence Scholarship (TES). The scholar shall be the eligible senior with the highest demonstrated level of proficiency in technical education subjects based on the Higher Educational Aids Board (HEAB) recommended ranking system for TES-eligible students. The scholar shall be named in accordance with timelines required by law.

The Technical Education Scholar will be selected after the first semester of the student's senior year. In order to be eligible for the Technical Excellence Scholarship, a student must have seven semesters of grades, at least three that must have been obtained at Rib Lake High School. Grade point averages will be determined using the Rib Lake High School's grading criteria. Any student that transfers in from a school using a different grading scale will have their grade point average determined by the RLHS scale.

The Rib Lake School District has developed a policy of selecting the Technical Education Scholar. A list of selection criteria and tie breaking information is available in the high school office.

Rib Lake High School Wisconsin Academic Excellence Scholarship/Valedictorian Selection Policy

In order to become eligible for the Wisconsin Academic Excellence Higher Education Scholarship class rank and academic scholarships, students must complete their junior/senior year enrolled at the Rib Lake High School.

The District shall annually designate an academic scholar(s) by February 15, for purposes of the Wisconsin Academic Excellence Higher Education Scholarship. The scholar shall be the senior with the highest grade point average, which shall be determined in accordance with Board policy. A student is classified as a senior if he/she has earned 16 ½ credits.

If two or more students are tied for either the Valedictorian or Salutatorian position, the following criteria will be used to break the tie. If the tie is for Valedictorian, the winner shall be declared the district's Academic Excellence designee.

- The highest composite ACT score on file with the district by the end of the 7th semester would be declared the winner. If any students have taken the exam more than once, the highest composite score received will be used for calculating the winner.
- If a tie remains, the highest grade point average in all identical courses would become the winner.
- If identical ACT scores and the same grade point average exist for identical coursework, the third tie breaker will be the grade point in the areas of Math, Social Studies, Science, English, and Foreign Language.
- Highest number of credits earned in the areas of Math, Social Studies, Science, and Foreign Language by the end of the 7th semester will be the fourth tie breaking criteria.
- The highest number of total credits earned by the end of the 7th semester will be the fifth tie breaking criteria.
- The sixth tie breaker will be the highest composite score from the district's PreACT during their Sophomore year.
- If the first six steps result in a continued tie, a chance drawing of all tied students will be held. If a chance drawing is required for the valedictorian position, co-valedictorians will be designated with the winner of the drawing receiving the Academic Excellence Scholarship.

Other

School Hours

The school is open and supervised at 7:45am. Students are not to arrive before this time unless arranged with a staff member who has agreed to open the building and supervise the student ahead of time. The school is closed to students and not supervised after 3:35pm. Students are not to stay at school beyond this time unless arranged with a staff member who has agreed to supervise the student ahead of time, or there is a school event the student is attending. The school assumes no responsibility or liability in supervising students outside of these times.

Accidents and Insurance

Student Assurance is the insurance furnished by the school district for every student. This is a scheduled insurance and provides limited, but not complete protection, in case of an accident which may occur while participating in regular school or school-sponsored activities. Since this is not a complete coverage plan, the student should file under his/her own insurance first. All students must report injuries immediately to the faculty member in charge or to the office and complete the necessary form.

Elementary and Secondary Education Act Notices

The federal *No Child Left Behind Act of 2001 (NCLB)* requires schools and districts who receive Title funds to notify parents or legal guardians of various opportunities, informational notices and family rights. The School District of Rib Lake receives federal Title funding and provides the following information for your review as part of this mandate. As with all information and notices listed in this handbook, please contact your building principal for more information or clarification.

Teacher Qualifications

In Wisconsin, a teacher of a core academic subject is “highly qualified” if he or she completed an approved educator preparation program resulting in a regular license to teach that subject. You have a right to know the qualifications of teaching staff by contacting the School District at 427-3222 or finding it on the DPI website by using the following address:

www.dpi.wi.gov/licensing/license-lookup.

The district is also required to notify parents of students enrolled in a school receiving Title I funds of when their child has been taught for four consecutive weeks by a teacher who is not considered “highly qualified.” This notification will be sent home with students who receive direct instruction from the teacher.

Accessing School Performance Data

Detailed district and school information about test results, graduation, attendance, other academic indicators, teacher quality, and much more can be found on the DPI WINSS website. To find test results for the School District of Rib Lake, please access the Wisconsin Department of Public Instruction website at www.dpi.wi.gov.

Homeless and Limited English Proficiency Services

The School District of Rib Lake offers services for students who meet the legal definition of Limited English Proficient or homeless. All efforts will be made to identify and serve students meeting this criteria. Please contact the building principal or guidance counselor for more information regarding these programs.

Enrollment

Submitting and Receiving Applications

The parent(s) or guardian of a student who wishes to attend school in the district as a nonresident open enrollment student may apply online from the DPI website (<http://dpi.wi.gov/open-enrollment>) or submit the required application to the Elementary Office. The application may include a request to attend a specific school or program offered by the district. The application shall be submitted no earlier than the first Monday of February and no later than the last weekday in April of the school year immediately preceding the school year in which the student wishes to attend.

Upon receipt of the application, it will be forwarded to the District Administrator or his/her designee. Staff shall review all of the applications using the acceptance/denial criteria outlined in Board policy, and determine which school or program, if any, the nonresident student could attend the following year if accepted. The district will notify all regular-period applicants, in writing, whether their application has been accepted or denied on or before the first Friday following the first Monday in June.

The nonresident student's parent(s) or guardian(s) shall notify the District Administrator or designee of the student's intent to attend school in the district in the following school year on or before the last Friday in June following receipt of the notice of acceptance.

Student Records

The district will limit its requests for student records (or information from student records) and its sharing of records with the resident district to the records and information that may be lawfully requested or disclosed under applicable law and DPI rules.

(From Rib Lake School District Board Rule 423)

Part Time Student Participation in District Courses, Programs, and/or Activities

Students not enrolled full time in Rib Lake School District should abide by Rib Lake School District policy as follows:

Number of Courses- Students participating part time (RVA, homeschool, or other students living out of district) may take up to two courses in person at Rib Lake Elementary, Middle, or High School and Rib Lake RVA students may take up to 4 courses provided they (a) meet the standards for admission at that grade level as required by law and as established by the District Administrator or designee; (b) there is sufficient space in the classroom

Attendance- Students participating part time in a Rib Lake School District course will follow the Rib Lake School District attendance policy, but adjusted based on the number of course days, rather than course period attendance, as with full time enrolled students. For example, each part time open enrolled student will be permitted 10 parent excused courses if attending RLSD for one course.

Graduation- When a student is enrolled full time (can still take 4 courses in building at RLES, MS, or HS) in RVA, they graduate from the Rib Lake Rural Virtual Academy and receive a Rural Virtual Academy diploma signed by both the Rib Lake School Board and Rural Virtual Academy Board. The RVA does adopt the graduation requirements of the Rib Lake School Board, meaning that RVA students will need to meet the same graduation requirements of Rib Lake High School students. RVA students and families should communicate with the High School guidance counselor to ensure that courses taken meet RLSD graduation requirements. Homeschooled students do not meet RLSD graduation requirements. Students who are homeschooled are encouraged to participate in an accredited program so that if a student does choose to enter a public school, those credits will be recognized and count towards graduation credits.

Graduation Ceremony- Because RVA students are members of Rib Lake School District, they can choose to participate in either the RVA graduation ceremony or the Rib Lake School District graduation ceremony (at RLHS). If an RVA student participates in the RLSD ceremony, they will receive their RVA diploma as they walk across the stage. Homeschooled students cannot participate in the RLSD ceremony.

Scholarships- RVA students are eligible for numerous school specific scholarships through RVA. As RVA students are not full-time enrolled in RLHS, they won't be eligible for RLHS school specific scholarships. Scholarships which are community based, however, will be eligible for either RLHS or RVA students to apply. Homeschooled students won't be eligible for local RLHS or RVA scholarships.

Wisconsin State Testing- A student who is enrolled in RVA can participate in state tests in the appropriate Rib Lake building. After getting a list of who is participating, our District Assessment Coordinator will reach out to families with communication on testing dates and times. Students who are homeschooled are not eligible to participate in state tests through Rib Lake School District. Students who choose not to participate in Wisconsin State Testing must complete and opt out note and send it to the District Assessment Coordinator.

Participation in Extra and Co-Curricular Activities- A student who is enrolled in RVA or is home schooled living in the district can participate in any athletic or extra curricular activity with the same expectations of students enrolled full time in building. The educational program in which the student is enrolled shall provide the district with a written statement that the student meets the district's requirements for participation in interscholastic athletics or extracurricular activities based on age and academic and disciplinary records.

Participation in School Events- If there is a field trip or activity that directly relates to a class an RVA and/or homeschool student is taking at RLMS or HS, that student is fully welcome to participate. Because building reward activities aren't related to a direct course and take into account student academics, behavior, and attendance based on full time enrollment, RVA and homeschooled students are not included in participation in reward activities or awards. Students who are in High School and are homeschooled or in RVA can participate in an RLHS event such as the Homecoming Dance, Prom, etc. as a guest of a full time student. RVA or homeschool students that attend classes at RLHS in person, should still complete a guest form, but do not have to have RVA administration signatures.

Technology Use-Students in RVA are able to use their RVA chromebook to complete their courses at RLES, MS, and HS. Students who are homeschooled must bring their own device to participate in the courses they choose to join. Students enrolled part time are required to complete an Acceptable Use of Technology consent form.

Locker use- If there are available lockers to use, students in RVA and homeschool students are allowed to utilize one of our lockers. In the case that our lockers are filled by full time students, an RVA or homeschool student may be asked to discontinue use of a locker on a lottery basis.

Transportation- Part time students participating in public school courses and programs under this policy shall be responsible for their own transportation to and from the public school, except as otherwise required by law.

Academic Probation-RVA students placed on academic probation will be required to attend our Learning Center for the number of periods per day equivalent to the number of classes he/she is failing.

Accordingly, consistent with section 118.13 of the state statutes, no person shall unlawfully be denied admission to any public school in this District, or be denied participation in, be denied the benefits of, or be discriminated against in any curricular, extracurricular, pupil service, recreational or other program or activity because of the person's sex, sexual orientation, race, color, national origin, ancestry, religion, creed, pregnancy, marital or parental status, or physical, mental, emotional or learning disability. The District likewise requires and enforces nondiscrimination in a manner consistent with the rights and obligations established under all applicable federal civil rights laws, including the current provisions of Titles IV and VI of the Civil Rights Act of 1964 (race, color, religion, sex, or national origin), Title IX of the Education Amendments of 1972 (sex), Section 504 of the Rehabilitation Act (disability), the Americans with Disabilities Act (including Title II of the ADA, which prohibits discrimination on the basis of disability in state and local government services), and the civil rights provisions associated with the District's participation in federal meal programs.

All District career and technical education opportunities are offered to students on a nondiscriminatory basis. Additional information regarding such program offerings and the applicable admission/participation criteria can be obtained on the District's website or by contacting any school's guidance office.

Children of homeless individuals and unaccompanied homeless youth (youth not in the physical custody of a parent or guardian) as identified under federal law shall have equal access to the same free, appropriate public education, including comparable services, as provided to other children and youth who reside in the District. Homeless children and youth shall not be required to attend a separate school or program for homeless children and shall not be stigmatized by school personnel.

The District shall provide legally-required accommodations and appropriate educational services or programs for students who have been identified as having a disability, regardless of the nature or severity of the disability. The District shall also provide for the reasonable accommodation of a student's sincerely held religious beliefs with regard to examinations and other academic requirements. Requests for religious accommodations shall be made in writing and approved by the building principal.

When acceptable to the complaining party, the District encourages informal resolution of discrimination complaints and related concerns. However, a formal complaint resolution procedure is available to address allegations of unlawful discrimination and/or any alleged violation of the District's equal educational opportunities policies.

Any questions concerning this notice, the District's nondiscrimination and equal educational opportunities policies, policy compliance, or the District's complaint procedures may be directed to the District's equal educational opportunities compliance officer(s).

Discrimination-related complaints may be filed with the Compliance Officers. The Compliance Officers also serve as the District's Title IX Coordinators (sex discrimination and sexual harassment issues and complaints) and Section 504 and Americans with Disabilities Act Coordinators (disability rights and disability-based discrimination issues) for all student and all non-employment related matters.

By following all required procedures and timelines, complaints of unlawful student discrimination may also be filed externally with the Wisconsin Department of Public Instruction, the Chicago office of the U.S. Department of Education's Office for Civil Rights, or, in appropriate circumstances, with any state or federal court or other agency of competent jurisdiction.

Informal Resolution Complaint Procedure

The District encourages the informal resolution of student discrimination complaints or concerns. The person who believes he/she has a valid basis for complaint shall discuss the concern with the building principal, who shall in turn investigate the complaint and reply to the complainant in writing within 10 school/business days. If this reply is not acceptable to the complainant, he/she may initiate formal procedures according to the steps listed.

Formal Complaint Procedure

- **Step 1.** A written statement of the complaint shall be prepared by the complainant, signed and presented to the local Equal Opportunity Coordinator/Compliance Officer. The coordinator shall further investigate the matters of the complaint and, in a manner consistent with applicable student records laws, issue a written determination to the complainant and any other appropriate parties indicating the extent to which the complaint was or was not substantiated and including such other information as may be appropriate under the circumstances. This written determination shall be made within 30 calendar days.
- **Step 2.** If any actual party in interest to the complaint (including any alleged victim/target or any alleged responsible party) wishes to appeal an initial administrative determination of a formal complaint, he/she may submit a signed statement of appeal to the District Administrator. After conducting any further inquiry into the matter that he/she deems appropriate, the District Administrator shall formulate a conclusion and respond in writing to the appeal. The response will normally be issued within 10 business days. If the District Administrator was involved in making the initial determination, the request for appeal shall be treated as a request for consideration.
- **Step 3.** If any actual party in interest to the complaint disagrees with the determination of the complaint made by the District Administrator, he/she may either (1) treat the District Administrator's decision at the previous step as the final District determination of the complaint and proceed to Step 4 (if applicable), or (2) submit at the Office of the District Administrator within *10 business days* a further appeal through a signed, written statement to the School Board that describes in reasonable detail the factual and/or legal basis for the person's disagreement with the previous determination. Within 30 days the Board shall address the appeal at a meeting. Upon its review of the appeal and the record of the complaint, the Board may affirm, reverse, or modify the previous determination or remand the matter for

additional information. The Board may or may not meet with any of the parties in interest prior to reaching a decision. Notice of the Board's disposition of the appeal shall be sent by the Board Clerk, or his/her designee, to appropriate parties within 10 business days of reaching a disposition. Such notice shall inform the complainant of his/her right to appeal the District's determination of the matter to the State Superintendent of Public Instruction to the extent permitted by law.

- **Step 4.** If, at this point, the complaint has not been satisfactorily resolved, further appeal may be made within 30 days to the Department of Public Instruction, Equal Educational Opportunity Office, P.O. Box 7841, Madison, WI 53707. An appeal to the DPI should be in writing and signed. The following information should be included: the reason for the appeal, the facts that make the complainant believe discrimination occurred; and the relief or outcome the complainant is requesting. If the person appealing is a minor, a parent or guardian must sign the appeal. In addition, the complainant may appeal directly to the DPI if the District has not provided written acknowledgement within 45 days of receipt of the complaint or has not made a determination within 90 days of receipt of the written complaint.

Federal Title IX Nondiscrimination Based on Sex

As mandated by the current provisions of Title IX of the Education Amendments of 1972 and under the regulations set forth in Part 106 of Title 34 of the Code of Federal Regulations (“the federal Title IX regulations”), the District does not unlawfully discriminate on the basis of sex and prohibits all forms of unlawful sex discrimination in any education program or activity that the District operates. Title IX’s requirement not to discriminate on the basis of sex in any education program or activity includes, but is not limited to, discrimination affecting students and discrimination in District employment.

Student Harassment

The Rib Lake School Board feels it is imperative to maintain a school environment that encourages optimum human growth and development for its students and employees. It is, therefore, the policy of the Rib Lake School District to maintain and insure a learning and working environment free of any form of sexual harassment or intimidation toward personnel or students. The Rib Lake School District does not tolerate sexual harassment in any form and will take all necessary and appropriate action to eliminate it up to and including discipline of the offenders. The Rib Lake School District recognizes the private and sensitive nature of sexual harassment incidents and the emotional and social complexities surrounding such issues. Every effort will be made to consider the sensitivities of the parties involved and protect the victim from repercussions. Any employee or student who feels that she/he has been subjected to sexual harassment is encouraged to contact her/his immediate supervisor or the Gender Equity Coordinator. The High School Principal is hereby appointed the Gender Equity Coordinator. Supervisors shall be in-serviced in the meaning, legal sources, and ramifications of this policy.

Fire/Tornado Drills

Periodic fire and tornado drills will be held at unannounced times. Approved procedures are listed in each classroom. The signal for a fire is a long continuous blast of the bell. The signal for a tornado is a series of short blasts. Students should proceed to the designated areas in a rapid, orderly fashion.

No person may be denied admission to the School District of Rib Lake or be denied participation in, be denied the benefits of or be discriminated against in any curricular, extracurricular, pupil services, recreational or other program or activity because of the person’s sex, race, religion, national origin, ancestry, creed, pregnancy, marital, or parental status, sexual orientation or physical, mental, emotional, or learning disability.

Special Education

Students who have been identified as having special education needs will be afforded a free and appropriate public education in the least restrictive environment in accordance with Individualized Educational Plan. Considerations may be made as to the appropriate grading in classes where they are mainstreamed.

- When the student is mainstreamed into a regular class and the Individualized Educational Plan Team determines that the student can handle the content of that class as required by the regular education teacher with only the modifications made in the methodology or approaches used, that student will receive a grade commensurate with all other students.
- In those cases where the students mainstreamed class is modified on content or other curricular format, the students will receive an A, B, C, D, F grade indicated as a modified grade.
- The appropriate grade, be it regular or indicated as special education should be discussed with the Special Education teacher as to its conformity with the Individualized Education Plan records. It is only through the joint cooperation and communication effort of the special education teacher and the regular education teacher that appropriate academic offerings will be provided for students with disabilities. This is inclusive of the grading process.
- Another option available for students with special education needs is the pass/fail policy. This may be considered for students who are presently earning below average grades or with modified curriculum. Again, this option must be documented with the Individualized Education Plan.

(From Rib Lake School Board Policy 342.1 Programs for Students with Disabilities, 342.5 Title I Programing)

504

Pursuant to Section 504 of the Rehabilitation Act, the district shall provide a free appropriate public education (FAPE) to each eligible student who has a physical or mental impairment which substantially limits a major life activity. The district's duty to provide FAPE applies to each such student, regardless of the specific nature or severity of the student's disability. Further, the district shall not discriminate against any student based upon (1) any prior record of physical or mental impairment, or (2) a student being regarded as having a physical or mental impairment (e.g., based upon an assumption or perception of a disability). In connection with these obligations, the district shall take reasonable steps intended to protect a student with a disability from being harassed or retaliated against on the basis of the student's disability.

(From Rib Lake School Board Policy 342.1 Section 504 Plans)

Individualized Education Plan (IEP)

Specific educational programs and services for a student with a disability shall be determined by an individualized education program (IEP) team and be based on an assessment of the student's individual needs. Students with disabilities shall participate in academic assessments required by law and the district, with or without accommodations, or in alternate assessments as outlined in the student's IEP.

Programs

The School Board, as the governing body of a local education agency (LEA), affirms its responsibility to make appropriate special education programs and related services available to students with disabilities in accordance with state and federal laws and regulations and the policies and procedures contained within the district's special education manual.

The Board recognizes that special education programs and services are a part of the total educational program in the district and not a separate entity. The Board also recognizes the legal requirement for school districts to educate students with disabilities in the least restrictive environment that is appropriate to their individual needs. Consistent with all applicable laws and regulations, it is the expectation of the Board that:

- Students with disabilities participate to the maximum extent possible in regular education programs — academic, non-academic and co-curricular — along with students who do not have disabilities. When making education program and placement decisions, consideration shall be given to the rights and needs of the student with the disability and other students, as well as to the availability of appropriate staff and other resources.
- Part of determining the least restrictive environment for each student with a disability shall include consideration of programs and services that would enable the student, to the extent appropriate, to participate in chronologically age-appropriate environments.
- Programs for students with disabilities shall not be unnecessarily concentrated in particular school facilities.
- Students with disabilities have access to appropriate academic and behavioral interventions and supports to improve student achievement and promote positive learning experiences, just as students without disabilities have access to such interventions and supports.

Student Post-Secondary Conferences

Students will be notified of visits by post-secondary representatives and military recruiters through morning announcements and by posting the times and dates of these visits on the bulletin board in the main hall. Any students interested in visiting with a representative are required to get a pass from the guidance office at least one day prior to the scheduled visit. Visits will be limited to a maximum of thirty minutes. Abusers will be prohibited from participating in future visits.

Visitors Policy

Visitors are required to stop by the office upon arrival and sign into the Visitor Pass Registry Book. You will complete the badge by listing your name, your destination, the date, and your time of arrival (“time in”), then remove the badge from the book and apply it to your clothing in a visible location. Our staff has been trained to look for badges identifying all visitors to ensure our protocols are being followed. In the event of an emergency, it is critical that everyone in the building be accounted for. Careful and conscientious observation of visitor sign-in procedures will better enable the school to ensure the safety of all building occupants, including students, employees, staff, and visitors. Visitors are not allowed to audio or visual record without all parties present consent unless they are at a public event such as a game or concert.

1. Parents are encouraged to visit school
2. Age appropriate visitors from individuals hoping to enroll in the district need permission from the principal at least 48 hours in advance to attend classes. The approval pass will only allow the student to enter classes if the teacher grants permission. If the visit is a distraction to the educational environment in any way, shape, or form the student will immediately be asked to leave.
3. Visits from peers outside of the district for personal reasons are strictly prohibited.
4. Emergency visitation must take place at a point and location determined by the principal.

Health

Illness at School

If a child becomes ill or has a temperature of 100.4 or higher while at school, teachers or office personnel will contact parents. If the parents can not be reached, names listed on emergency forms will be called. Parents are expected to pick up sick children from school as soon as possible.

Medication

All prescription medications which are to be administered at school must be accompanied by a Medical Provider Authorization Form and a Parent Medication Authorization Form. It must be in the original drug container which lists the child’s name, date, name of the drug, exact dosage, and exact time or time intervals the medication is to be taken. All over the counter medications require a note and signature of a parent if they are to be administered at school. Over the counter drugs must be sent to school in the original packaging and must include directions for administering. If a medication is to be given regularly, a Parent

Medication Authorization Form must be completed and signed. If an over the counter medication is to be given per parent instructions, it must not exceed the dosage recommended on the drug packaging, otherwise, a physician's order will be required for school administration.
