

PUBLIC SOLICITATIONS/PROMOTIONS ON SCHOOL PREMISES

The District recognizes the community and social value of humanitarian agencies and their need for financial support. Thus, educating students of the services performed and the need to participate in their financial support are encouraged. However, to insure that students or school personnel are not exploited in efforts to gain financial support for these organizations, the District shall not permit non-school organizations to use school time, facilities, personnel or students for collecting funds, sales, merchandising or any form of solicitation, except when authorized by the building principal.

In addition, no individual or organization may conduct fundraising activities or solicitations in the name of the School District of Rib Lake, or any school in the District, without the approval of the building principal. An annual report should be made to the Board regarding District fundraising activities and solicitations.

The District will allow contractual relationships with vendors to merchandise products to students and personnel for the purpose of effectuating group purchasing, such as class rings, yearbooks, photographs and other group purchase of products and services. Vendors shall not, however, be permitted to contact students or school personnel during school hours, except when authorized by the building principal.
