

Rib Lake School District Child Find Activities

The Rib Lake School District must locate, identify, and evaluate all children with disabilities, including homeless children, regardless of the severity of their disabilities. The school district has a special education screening program to locate and screen all children with suspected disabilities who have not graduated from high school. Upon request, the school districts will screen a child who has not graduated high school to determine whether a special education referral is appropriate. A request may be made by contacting Special Education Director Jonathon Dallmann at 715-427-5818.

Annually, the district conducts developmental screening of preschool children. The information from screening is used to determine whether a child should be evaluated for a suspected disability. When school staff reasonably believe a child is a child with a disability, they refer the child for evaluation by a school district Individualized Education Program (IEP) team. A physician, nurse, psychologist, social worker or administrator of a social agency who reasonably believes a child brought to him or her for services is a child with a disability has a legal duty to report the child to the school district in which the child resides.. Before referring the child, the person making the referral must inform the child's parent that the referral will be made. The referral must be in writing and include the reason why the person believes the child is a child with a disability. Others who reasonably believe a child is a child with a disability may also refer the child.
